## ANNOUNCEMENT

Our field of operation has been enlarged from year to year until our crops are now grown in so many districts that complete failures are minimized. New processes for harvesting vine seed will make for better vitality and volume. We solicit your business fully believing we are better situated than ever before to handle your requirements. Our selections are made carefully and cannot be excelled.

\* \* \* \*

An acreage will be planted of each variety to produce under ordinary conditions the various amounts required to fill all contract orders, and in no instance will any carry-over stock be used on contract orders, unless it may be mutually agreeable to our customers and ourselves. In case of shortages a sufficient reservation will be made for planting stock, after which all orders will be filled by an equal pro rata division of the entire remaining crop delivered to us by our various growers, all orders being treated alike.

Orders will be accepted for the growing of special stocks or new varieties at reasonable prices if planting stocks are furnished, and entire product to be taken by customers.

Orders for 25 pounds of a single variety of vine seeds will be filled at regular quotations; for orders of less than 25 pounds of a single kind, add five cents per pound. Bags extra at shipping point values.

All contract prices are for prompt acceptance, and are subject to stenographic errors and omissions, fire and all other contingencies beyond our control.

Any claim as to short weight, packing or condition of the seed is to be made within two weeks after arrival of goods. We are not bound to either replace or make other amends should the seeds not meet requirements. We are never liable in any case to more than invoice price of goods. Should the final yield of seed be under our estimate we are under no obligation to fill as estimated. Crop failures release us entirely from obligation of delivery.

**TERMS TO RELIABLE HOUSES**—Field and Sweet Corn cash on receipt and examination; vine seed, sixty days' acceptance, or if discounted, 1 per cent in thirty days from date of shipment. All prices are based on delivery F. O. B. Waterloo, Nebr., Rocky Ford, Colo., or Modesto, Calif., our option. In every case shipment will be made when seeds are properly cleaned and tested. For deferred shipments special arrangements must be made at time of ordering.
